# CHANDAN NARAYAN SAHOO

**React.js Frontend Developer | JavaScript | MERN Stack**

Hyderabad, India | +91-7978276217 | chandan881677@gmail.com

**Portfolio:** chandan-portfolio-coral.vercel.app | linkedin.com/in/chandansahoo7978 | github.com/chandugithubui

## PROFESSIONAL SUMMARY

React.js Frontend Developer with 2+ years of web development experience, including internship, specializing in building responsive, component-based web applications with React.js, JavaScript (ES6+), HTML5 and CSS3. Strong hands-on experience with React Hooks, Context API, Redux and React Router, creating reusable UI components and consistent interfaces across desktop, tablet and mobile devices. Proficient in integrating REST APIs using Axios and Fetch API, with careful handling of asynchronous data, loading states, validation and errors. Experienced in building full-stack MERN applications using Node.js, Express.js and MongoDB, including JWT authentication, role-based access and Razorpay payment integration. Skilled at debugging production frontend issues and working with Git, GitHub and Vercel/Render deployment workflows in collaborative team environments.

## TECHNICAL SKILLS

**Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3

**Frontend:** React.js, React Hooks, Context API, Redux, React Router v6, Next.js

**UI & Styling:** Bootstrap, Material UI, Responsive Web Design, Flexbox, CSS Grid

**Backend:** Node.js, Express.js, REST APIs

**Database:** MongoDB

**CMS / Website Development:** WordPress, Yoast SEO, On-Page SEO

**Authentication & Integration:** JWT, Axios, Fetch API, Razorpay

**Tools & Deployment:** Git, GitHub, Vite, Webpack, npm, Postman, VS Code, Vercel, Render

## PROFESSIONAL EXPERIENCE

**Web Developer | Abhyaas Edu Technologies Private Limited, Hyderabad** **Mar 2025 – Present**

- Contributed to full-stack development of a one-to-one tutoring platform, working on live video sessions via WebRTC, Razorpay-based payments and tutor payout workflows, real-time chat powered by Firebase Firestore, KYC verification, and role-based admin dashboards supporting the complete student-to-tutor engagement lifecycle.
- Developed responsive and reusable frontend interfaces using JavaScript, React.js, HTML5, CSS3, and Bootstrap, focusing on component-based development and consistent behavior across desktop, tablet, and mobile devices.
- Integrated frontend components with REST APIs using Axios and Fetch API, handling asynchronous data fetching, loading states, validation, error scenarios, and dynamic content rendering.
- Built reusable UI components and layouts for forms, navigation, cards, content sections, CTA elements, and interactive user experiences, reducing repetitive frontend development.
- Debugged and resolved production frontend issues involving responsive layouts, component alignment, form behavior, cross-browser rendering, and mobile usability.
- Used Git and GitHub for version control and collaborated with team members on feature development, testing, bug fixes, and production deployments.

**Web Developer (Internship) | Abhyaas Edu Technologies Private Limited, Hyderabad** **Aug 2024 – Feb 2025**

- Developed responsive frontend interfaces using HTML5, CSS3, JavaScript, and Bootstrap, ensuring consistent layouts across mobile, tablet, and desktop devices.
- Developed reusable UI sections including navigation, forms, cards, CTA elements, and responsive content layouts using HTML5, CSS3, JavaScript, and Bootstrap.
- Debugged frontend issues involving layout responsiveness, spacing, component behavior, and browser compatibility.
- Used Git/GitHub for version control and collaborated with senior developers while implementing and deploying production website updates.

## PROJECTS

**Handicraft Hub – Full-Stack MERN E-Commerce Application**

*React.js, TypeScript, Node.js, Express.js, MongoDB, Context API, JWT, Razorpay, Bootstrap*

- Built a full-stack e-commerce application using React.js and TypeScript with reusable components, React Hooks, Context API and React Router.
- Implemented product discovery with category browsing, search, filtering, pagination, sorting, wishlist and shopping cart.
- Added JWT authentication, protected routes and role-based access for users and admins.
- Built checkout with shipping details, Cash on Delivery, Razorpay integration, coupons and order history.
- Developed an admin dashboard with product CRUD, image uploads, order and user management, reviews and discount coupons.
- Created REST APIs using Node.js, Express.js and MongoDB with validation and security middleware.
